

ONEPAGER **GREENER** COIN

Crypto industry is not sustainable. We **are**.

March 2023

WHY GREENERCOIN ?

If you are tired of greenwashing, we built with Greenercoin an alternative solution for the blockchain industry.

With **Greenercoin** you will have the certainty to use a carbon free blockchain built to bring sustainability via our marketplace and dapps ecosystem.

We are the **first** to create a marketplace where you will find ethical products, services and dapps.

We are the **intermediary** between ethical and ecological actors.

Our solution

Reduce Global Gas emission

Only certified greenenergy validators are authorized to get GNC and validate blocks on our blockchain

Sustainable Market

GNC aims to create dapps and a marketplace where you can buy sustainable goods and services linked to the sustainable market

The Problem

Polluting Energy

Higher Energy Consumption

Climate change

GNC

To participate in the Greenercoin blockchain, validators have to use neutral carbon resources. Greenercoin is designed to have the lowest energy consumption. With GNC, you will many advantages on ethical and sustainable products and services

Advantages

Reward programs

Variety of carbon offset projects

Ecofriendly behaviour.

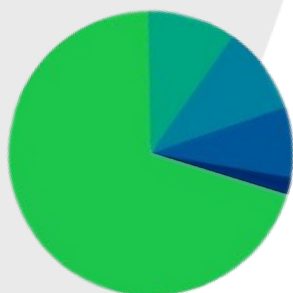

Web3 innovation

Transparency, security and traceability

Ecofriendly blockchain ecosystem.

Tokenomics

IEO 2%
Team 8%
Marketing 10%
Development 10%
Miners/Validators 70%

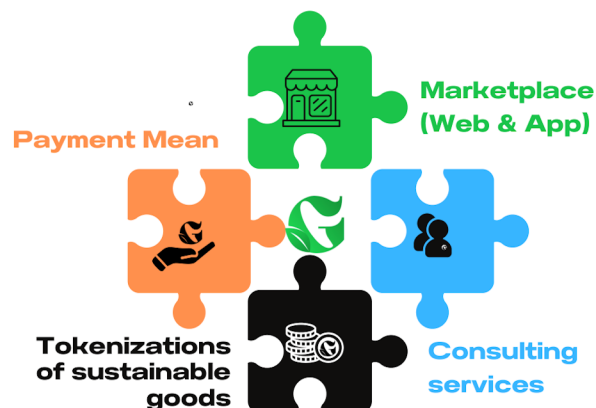

Our product

CLEAN BLOCKCHAIN

Other benefits
